PROFESSIONAL SUMMARY

Full-Stack Developer passionate about building scalable, intuitive, and user-focused web applications. Experienced in delivering production-ready solutions while collaborating in agile environments and mentoring 60+ aspiring developers through a corporate CSR initiative. Currently pursuing a B.Tech in Artificial Intelligence and Data Science and eager to contribute technical expertise, problem-solving abilities, and a continuous learning mindset to a Full-Stack Engineering role.

SKILLS

Languages: JavaScript (ES6+), TypeScript, HTML5, CSS3, Python, SQL

Frameworks & Libraries: React.js, Next.js, Node.js, Express.js, Tailwind CSS, Bootstrap, Redux

Testing & CI/CD: Jest, GitHub Actions

Core Competencies: Component-Based Architecture, REST API Integration, Next.js Server Actions, Responsive UI Design, State Management, Domain-Driven Design (DDD), Agile Methodologies & Scrum

Tools: Git, GitHub, VS Code, Postman

WORK EXPERIENCE

Zylxy Technology Pvt. Ltd. (zylxytech.com)

May 2026 – Jul 2026

Web Developer Intern | On-Site, Kakinada, Andhra Pradesh

- Translated business requirements and director-led product ideas into a professional, scalable corporate website and CRM consulting microsite using Next.js and React.
- Developed reusable UI components in Tailwind CSS and centralized styling and configuration data, reducing code duplication and improving long-term maintainability.
- Built secure lead-generation and consultation forms using React Hooks, Next.js Server Actions, and REST API integrations to streamline external data workflows.
- Refactored complex form functionality into modular, domain-oriented components, improving scalability, maintainability, and testability.
- Leveraged AI-assisted development tools, including Gemini and Claude, to accelerate boilerplate generation while maintaining architectural ownership and production-quality standards.
- Contributed to the organization's CoroVidya CSR Initiative by mentoring 60+ aspiring developers through code reviews, technical guidance, and interview preparation.
- Delivered instructor-led technical sessions on JavaScript, React, and Node.js, helping students build practical development skills and strengthen placement readiness.

Tech Stack: Next.js, React.js, Tailwind CSS, JavaScript (ES6+), Lucide React, Framer Motion, D3.js, Git, GitHub

iSAN Computers Education

Nov 2022 – May 2023

Industrial Trainee, Web Development

- Completed a 6-month industrial training program covering foundational web development principles.
- Built responsive static and dynamic web interfaces from scratch using semantic HTML5, CSS3, and JavaScript.

Tech Stack: HTML5, CSS3, JavaScript, DOM Manipulation, Responsive Web Design

PROJECT WORK

LearnersGuru – Online Learning Platform

2023

- Designed core layouts and dynamic UI components enabling seamless course navigation.
- Implemented secure login authentication and form validation to strengthen access control.

Tech Stack: HTML5, CSS3, JavaScript (ES6+)

Student-Faculty Login Portal

2024

- Developed a role-based authentication portal with real-time form validation to streamline faculty record management.
- Persisted sessions serverlessly via browser localStorage, removing backend dependency for authentication state.

Tech Stack: HTML5, CSS3, JavaScript (ES6+)

CERTIFICATIONS

- JavaScript, ReactJS, Next.js, Python — GeeksforGeeks
- JavaScript, Responsive Web Design — freeCodeCamp (verified)

EDUCATION

Kakinada Institute of Engineering and Technology (KIET), Kakinada

2025 – 2028

B.Tech in Artificial Intelligence and Data Science | CGPA: 7.2/10

Kakinada Institute of Engineering and Technology (KIET), Kakinada

2020 – 2023

Diploma in Computer Engineering | Score: 70%
